Cellulite REDUCTION THERAPY

ONE HOUR: **\$89.57**
full body treatment - add mask \$20

30 MINUTES: **\$45.00**
designated areas - add mask \$10

- * Stimulate the body's elimination functions
- * Increase the circulation and metabolism process
- * Help with the control of excess fluid retention
- * Reestablish the elasticity of connective-tissue

Redefine and smooth your silhouette, using the G5 cellulite reduction system to target stubborn cellulite and sagging skin, for visible, rapid results. The fine exfoliation disc will remove dead skin cells and stimulate circulation while improving elasticity and product penetration, then apply anti-cellulite cream + detox oil combined with special massage techniques to deeply cleanse the body's systems. Follow by a Late Macchiato peel off body mask, helping firm and smooth skin, regenerate tissue, increase lymphatic flow and reduce fluid retention.

PROCEDURE:

1. Exfoliation
2. Breaking down fatty deposits and stretching and loosening connective tissue connections
3. Mobilization of metabolic wastes through the lymphatic nodes
4. Body Mask (optional)

WHAT AREAS CAN BE TREATED?

Posterior Thigh, Buttocks, Outer Thigh & Hip, Anterior Thigh, Inner Thigh, Upper Arm, Abdomen.

NOTE: 4 to 12 treatments necessary for best results.
